Avenida 40, S. Sebastian, 3<sup>rd</sup> May, 1887.

Dear Halsey: - On the 11<sup>th</sup> Feb. I wrote to you; since then I have recd. your letters of the 15<sup>th</sup> & 23<sup>rd</sup> Feb. & the 11<sup>th</sup> March, with their many enclosures. Of the 30 pages (more or less) of Alice's journal that you sent in yours of the 23 Feb. I had recd. from her some 20 of the first leaves, but none of the later numbers. It is very interesting. — Alice left here for the U. S. on the 27<sup>th</sup> Apr. and will probably sail from London on the 10<sup>th</sup> of this month. She goes in the interests of this school and will probably return in July or Aug.. She is not very well, but much better than she was a year ago, & I hope that this journey will do her good - though I am afraid that it will be too full of work for that.
